### SKILLS

Flutter (Dart)

Critical thinking and problem solving

Web Development (HTML & CSS)

Microsoft Office

Ability to work under pressure

### EDUCATION

**Bachelor of Science in Computer Science**

**Madonna University**

2018 - 2022

Studied Computer Science at Madonna University for four years where I gained basic knowledge in Object-Oriented Programming languages and algorithms

### LANGUAGES

English

### PROFILE

Massive interest and passion for software development and maintenances. With over 2 years of practice, I acquired proficiency in cross-platform development (flutter) and I'm still open to learn more in the field. I'm dedicated to keeping up with the most recent business trends and technological advancements, continually enhancing my knowledge to provide cutting-edge solutions.

### WORK EXPERIENCE

#### Financial Advisor

Tangerine Africa May 2023 - present

Tangerine helps you manage your finances wherever and whenever you need to by empowering people and businesses across Africa to live financially secure lives through world-class insurance & pensions solutions. I worked as an advisor and assisted in the data collection and formatting using Microsoft Office.

Skills: Microsoft Office, Team Communication, Customer Service.

#### Intern

Rivers State ICT Department (Tech-Creek) May 2021 - Oct 2021

TechCreek is a habitat for the teeming population of youths making sense of their lives with their digital skills and competencies, and actively involved in the development of the 'new economy' from Rivers State.

- I partnered closely with other team members, such as project managers, graphic designers, UX designers, and systems analysts, to advance understanding inside the organization.
- Formatting and Collecting of data
- Implemented software features and modifications according to requests and testing results.
- Collaboration with team members on Web development projects using HTML | CSS | FIGMA | BOOTSTRAP.
- Learned about Database managemet.
- Basic configuration of networking devices e.g. routers, switches and end devices.
- Worked with senior staffs on the maintenances and updating of softwares.

Skills: Web Development, Google sheets, Microsoft Office, Customer service, Team communication, networking e.t.c.
